

*Take a stand for  
office wellbeing  
with **LEAP** desks*

# LEAP Sit Stand Desks

Leap is the future of desking, providing many benefits to employee health and productivity.

Leap is a sit-stand desk which can be electrically adjusted to sitting or standing height to prevent problems associated with prolonged sitting.

The range of desking includes a single stand-alone desk, bench desk, radial desk and k top desk.

Our frames can be manually expanded to accommodate tops from 1200mm to 1800mm in width and electronically adjusted from 655 to 1255mm in height, all at the touch of a button with the touch-sensitive controls.

SINGLE DESK | DARK WALNUT TOP | SILVER LEG

## LEAP SINGLE

**Leap Single** is a stand alone electrically height adjustable desk. Our frame can be manually expanded to accommodate tops from 1200mm to 1800mm in width and electronically adjusted from 595 to 1245mm in height, all at the touch of a button.

## LEAP RADIAL

**Leap Radial** is a height adjustable stand alone desk available in tops 1600mm and 1800mm.

The ergonomic desk is commonly used in work environments and presents a flexible design which can be used to create endless configurations to build the perfect office layout.

Leap Radial desks can be used to utilise corner space in the office or in combinations to create cluster desks for either 2 or 4 workstations.

All paint used is completely solvent-free and offers up to 99% material utilisation. Consequently, this coating method is incredibly economical and, at the same time, eco-efficient.

## LEAP APP

**Download the free Leap App and take Control of your desk height through your phone.**

The Leap App includes the following features:

- Adjust the desk height
- Set memory positions
- Create daily standing goals
- Track your daily standing progress throughout your workday.
- View your historical data
- Set sedentary reminders

To get started simply search for "Leap Desk" in the App store or Google Play.

Once downloaded you can connect the app by pairing with the desk Dongle supplied by Edit Office via Bluetooth.

For more information, please contact a member of our sales team.

## HEALTH BENEFITS

### LOWERS RISK OF OBESITY

Using active workstations will keep you productive, while also keeping you in shape.

### BACK PROBLEMS

Several studies show that standing desks can dramatically decrease chronic back pain caused by prolonged sitting.

### MOOD AND ENERGY LEVELS

Standing desks appear to have a positive influence on overall wellbeing.

### STANDING MORE CAN INCREASE YOUR LIFESPAN

Studies have found a strong link between increased sitting time and early death.

### HEART RISKS

People who sit for more than 8 hours a day, double their risk of developing heart disease compared to those who sit for less than 4 hours a day.

### BRAIN ACTIVITY

If you stay fixed in one position, insufficient oxygen-rich blood will be pumped around the body, causing brain function to slow down.

### MUSCLE PROBLEMS

If you stay seated all day, your leg muscles and gluteus muscles will become inactive, thus reducing your ability to sit up straight.

### POOR CIRCULATION

Remaining seated for too long may result in swollen ankles and varicose veins, caused by fluids sinking down into the legs.
